

SAMPLE AND METHODOLOGY DETAIL

Change Research Battleground Poll: July 24-26

This online survey was conducted from July 24-26, 2020 in Arizona, Florida, Michigan, North Carolina, Pennsylvania, and Wisconsin.

Responses are reported for 2,565 likely general election voters with a margin of error of $\pm 1.94\%$ for the entire sample. By states, responses are reported for 365 likely voters in Arizona, 685 likely voters in Florida, 413 likely voters in Michigan, 284 likely voters in North Carolina, 382 likely voters in Pennsylvania, and 392 likely voters in Wisconsin.

The survey was conducted online, using Change Research's Dynamic Online Sampling. Change Research collects survey responses through targeted online solicitations placed as advertisements on websites and social media platforms. Our Dynamic Online Sampling establishes and continuously rebalances advertising targets across region, age, gender, race, and partisanship to dynamically deliver large samples that accurately reflect the demographics of a population. Post stratification was done on state, gender, age, race, education, and 2016 presidential vote.
